

**COMMUNITY
HERITAGE
ROUNDTABLE**

&

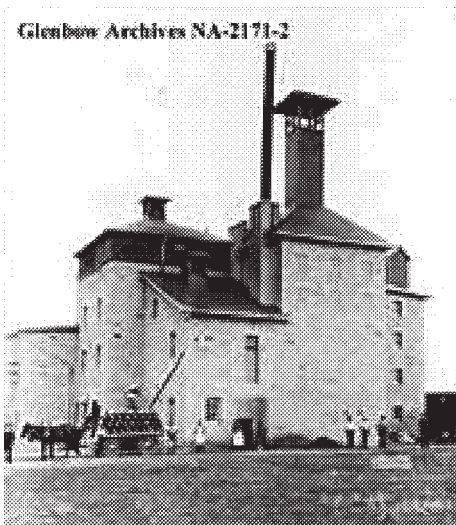

**INGLEWOOD
COMMUNITY
ASSOCIATION**

are hosting a

TOWN HALL MEETING

dedicated to the Historic Calgary Brewery and Malting Company

**IN VIEW OF THE RECENT DEMOLITION APPLICATION FOR THE SITE,
WE ARE ARRANGING A PANEL OF PRESENTERS AND PROVIDING
THE COMMUNITY AND PUBLIC WITH AN OPPORTUNITY TO:**

- ★ *Celebrate the history of the brewery, founded in 1892 by "Big Four" rancher A.E. Cross, and its importance in the development of Calgary – a major industry, western Canada's first salt water aquarium, Horsemen's Hall of Fame Museum.*
- ★ *Learn first hand about the brewery's social importance to the working class roots of the community once known as Brewery Flats - a good employer for local families through good times and bad, the local gardens, recreation at the fish hatchery and trout ponds.*
- ★ *Ask questions about the next steps which are planned for the site. The site is listed as Category A on Calgary's Inventory of Evaluated Historic Resources. The Ministry of Alberta Culture and Community Spirit issued a Historic Resource Impact Assessment Order to evaluate the site to determine its significance and integrity and to provide recommendations.*
- ★ *Share and discuss ideas regarding the public value of this site, and find out how to be part of the solution.*
